*Fully remote exam authorization for applicants under 18 years of age*

In compliance with applicable State and Federal law, parents (or legal guardians) of children under the age of 18 must consent to the collection, uses, and disclosure of their personal information collected by the Aurora Amateur Radio Group (hereinafter referred to as “AARG”). The AARG will use any data collected for the purpose of administering an amateur radio examination to your child. If successful, the information will be submitted to our sponsoring Volunteer Examiner Coordinator (VEC) as part of the amateur radio license application form and then submitted to the FCC.

The parent (or legal guardian) must also give consent for their child to be administered a fully remote examination unattended and uninterrupted, allowing us to maintain a high level of integrity in our process. FCC Regulations require that original documents for all license applications be retained for a period of not less than 15 months and information associated with your application may be made public by the FCC.

Any personal information collected will not be used for any other purpose and will only be disclosed to the Volunteer Examiners administering the exam and to staff of the Volunteer Examiner Coordinator who processes the application. The AARG takes no responsibility in the process by which your child’s personal information is processed once it is sent to the FCC.
